

CONTENTS

Preface	v
----------------------	---

Chapter 1 Operations Analytics and Benchmarking

1.1 Operations Analytics and Benchmarking	1
1.2 Regression Analysis	5
1.3 Benchmarking	10
1.3.1 Setting Up the Model	12
1.3.2 Using Solver in Excel.....	19
1.3.3 Setting Up Excel Solver.....	21
1.3.4 Solving the Model.....	24
1.3.5 Identifying Top Choices.....	25

Chapter 2 Balanced Benchmarking

2.1 Composite Measure.....	35
2.2 Balanced Benchmarking	38
2.3 Optimal Weights.....	50
2.4 Cross Evaluation.....	56

Chapter 3 Data Envelopment Analysis

3.1 What is Data Envelopment Analysis?	61
3.2 DEA as Balanced Benchmarking	64
3.3 Performance Metrics Classification in DEA.....	67
3.4 DEA Inputs and Outputs.....	71
3.5 Graphical Presentation of DEA	87

Chapter 4 Performance Improvement

4.1 Input Orientation.....	93
4.2 Output Orientation.....	98
4.3 DEA with Only Inputs (or Outputs).....	104

Chapter 5 Cases

5.1 Life Quality and Happiness	113
5.2 Airline Performance	119
5.3 Best Applicants Identification in Recruiting.....	131

Chapter 6 Benchmarking Share

6.1 Collaboration and Virtual Unit Construction.....	141
6.2 Benchmarking Share Determination.....	147
6.3 DEA Best Practice Frontier Shapes.....	154

Appendix Solving DEA Using *DEA Frontier* Software ...159

A. DEAFrontier	159
B. Data Sheet Format	162
C. DEA Model: Multiplier Model.....	164
D. DEA Model: Envelopment Model.....	165
E. CRS and VRS	167

Index.....169
